ACKNOWLEDGE

We express our sincere thanks to Dr. Arun K. Tripathi, Director General - NISE, Dr. Chandan Banarjee, Dy. Director General - NISE, Mr. Deepak Mathur, Consultant, Ms. Pooja Sharma & the entire team of National Institute of Solar Energy (NISE) for their valuable guidance & support for smooth & successful implementation of Suryamitra Skill Development Programme on PAN India basis.

At the same time, we express our sincere thanks to Dr. Praveen Saxena, Chief Executive Officer, and entire team members of Skill Council for Green Jobs for their support and guidance extended during the assessment process.

Mr. Chandrashekhar Bhosale

Sr. Vice President
& Head of Department

Mr. Abhay Kulkarni

Asst. Vice President &
Suryamitra Project Head

Greeting & Best Wishes from **MITCON** !

We are proud to have an association with a prestigious organization, the National Institute of Solar Energy for conducting Suryaitra Skill Development Programmes on a PAN India basis.

It is our privilege to be a part of the mission which is going to create a significant impact in the Solar PV sector and strengthen the objective of the Skill India mission.

We believe that there is vast employment opportunities available in Solar PV sector. Suryamitra Skill Development Programmes is the gate way and ladder for the technocrats who would like to make their carrier in Solar Sector.

Due to encouraging & supportive policy of Central Government, lots of business opportunities are created in Solar, Wind, Hybrid, Thermal and Cogeneration. Number of giant groups are already involved and started working in these sector. They require skill manpower to meet their requirement. Due to this changing scenario huge employment opportunities are going to explore in near future.

Mr. Chandrashekhar Bhosale

Sr. Vice President & Head of Department

ABOUT NISE

National Institute of Solar Energy, an autonomous institution of Ministry of New and Renewable (MNRR), is the apex nation R&D institution in the field Solar Energy. The Government of India has converted 25 year old Solar Energy Centre (SEC) under MNRE to an autonomous institution in September, 2013 to assist the Ministry in implementing the National Solar Mission and to coordinate research, technology and other related works.

About Suryamitra Skill Development Programme

Solar PV Technician course (Suryamitra Program) has been designed with the objective to develop skilled and employable workforce (Suryamitras) catering to the needs of Solar PV industries and EPC Projects as below:

- 1 The Suryamitras should be able to perform the jobs related to Design, Component Procurement, Site Survey, Installation, Commissioning and Operation & Maintenance of a Solar PV system in EPC projects
- 2 The Suryamitras should be capable to take positions as SPV Technicians as well as other supervisory and managerial posts in Solar PV component manufacturing organizations
- 3 Suryamitras should also be capable of taking assignments as entrepreneurs for Self Employment. Min. 10% of the Suryamitras should comeout to take such assignments.

ABOUT MITCON

MITCON Consultancy & Engineering Services Ltd. is pioneer in the systematic Entrepreneurship & Skill Development movement in the State of Maharashtra & in PAN India basis, was promoted in 1982. It is a joint venture of State Industrial Corporations & Banks. Having successful track records of last thirty four years. MITCON is committed to facilitate enterprise creation in the State of Maharashtra, through variety of development interventions like training, counseling, consultancy and information. - Diploma in Electrical Engineering

Training Location	Nanded
Duration of Training	17/12/2016 to 24/03/2017
Name of Activity / Unit	Aditya Solar
Nature of Activity	Solar PV System Installation & Maintenance
Name & Address of the Unit	Tal. Ardhapur, Dist. Nanded
Date/Month of Commencement of Unit/Activity	08/02/2017
Investment	Total : ₹ 3,89,000/-
	Own : ₹ 3,89,000/-
	Loan : --
Name of Bank	
Financial	
Monthly / Yearly Turn Over	< 3,20,000/-
Monthly Income	< 9,000/-
Employment Generation	1 No.

Family Background

Mr. Raj has passed his Diploma in Electrical Engineering from Gramin Polytechnic College, Nanded. After completion of his diploma level engineering background education, further instead of going for degree he thought of starting his own venture in Nanded.

Special Achievement

Handled the projects of installation of Solar roof top panel.

? Your Opinion about Suryamitra Programme

A It was very disciplined, well organized & moderate duration residential programme, During the course, I learned too much on technical side in Solar P.V. sector as well as entrepreneurial aspects related to self-employment based career.

? Would you like to attend advance training programme on Solar in future

A Depend on the situation.

? Do you think that Suryamitra Skill Development Programme play an important role in decision making of starting of your own business?

A Of course. All the credit goes to three month duration residential based Suryamitra Skill development training programme for successful start of my own Solar Business in the name of Aditya Solar Agency by installing Solar rooftop panel.

Family Background

Mr. Vaibhav belongs to agriculture business family from small village in Yavatmal district.

Special Achievement

Handled the projects of Solar Power system installation in Yavatmal & Chandrapur districts.

? Your Opinion about Suryamitra Programme

A It was excellent training programme in which he was able to learn about non-conventional sources of power energy generation & its applicability in day to day life.

Being a certified Suryamitra, now he can statutorily act as a messenger in promotion of clean & green energy mission launched by Govt. of India.

? Would you like to attend advance training programme on Solar in future

A He is very much interested to attend any type of advance training programme in Solar PV sector.

? Do you think that Suryamitra Skill Development Programme play an important role in decision making of starting of your own business?

A As everybody knows it's a very big challenge to start unconventional type of business in rural areas. But he could have taken up the idea of launching Solar related start-ups at his native place only because of Suryamitra Skill development programme.

Investment	Total : ₹ 3,00,000/-
	Own : ₹ 3,00,000/-
	Loan : --
Name of Bank	
Financial	
Monthly / Yearly Turn Over	₹ 2,00,000/-
Monthly Income	₹ 30,000/-
Employment Generation	4 Nos.

Family Background

His father has been working as a Jr. Engineer in MSEDCL Kolhapur & his mother is housewife.

Special Achievement

Not any specific to say but completed all the work orders successfully in time.

? Your Opinion about Suryamitra Programme

A I think this type of programme is appropriated for budding entrepreneur while choosing self-employment as a career in renewable energy sector.

He is very much thankful of NISE and MITCON for offering such type of opportunity.

? Would you like to attend advance training programme on Solar in future

A I am always ready to attend advance training programme on solar in future as & when he would get the opportunity.

? Do you think that Suryamitra Skill Development Programme play an important role in decision making of starting of your own business?

A Because of the technical & practical sessions covered during the programme along with delivery of entrepreneurship development related inputs in the programmes it becomes easier to take the decision of starting of own enterprise in Solar PV sector.

Not any significant

? Your Opinion about Suryamitra Programme

A In this Program knowledge has been received on different types of pricing models that are being used and key regulatory considerations for grid tied systems (where a house or building is connected to the electrical grid and also generates electricity from solar panels). A capstone design project that entails both the simple audit of a building to determine demand, and a selection of components to design a solar panel system to meet that demand.

? Would you like to attend advance training programme on Solar in future

A Yes.

? Do you think that Suryamitra Skill Development Programme play an important role in decision making of starting of your own business?

A Yes. Before the programme I was worried about starting the business but after completing the program, I got confidence .

? Your Opinion about Suryamitra Programme

A This Suryamitra Skill development programme taught about solar technology and its application worldwide. As climate change continues to affect our planet and fossil fuels become less profitable, renewable energy has emerged as the obvious answer to ecological sustainability. Despite its importance, solar power generation technologies are new and not known to everybody in big way.

? Would you like to attend advance training programme on Solar in future

A Yes.

? Do you think that Suryamitra Skill Development Programme play an important role in decision making of starting of your own business?

A Yes. This programme has played very crucial role in my life while by way of making a decision of starting of self-business as an choice of sustainable & permanent career of life.

? Your Opinion about Suryamitra Programme

A This course gives an introduction on the fundamentals of solar power as it applies to solar panel system installations. Also able to identify the key components needed in a basic photovoltaic (solar panel) system and it has been explained the function of each component in the system. Also learnt about how to calculate the electrical demand of a building, load estimation and then how to design a solar panel system in order to meet annual demand at a given location.

? Would you like to attend advance training programme on Solar in future

A Yes definitely would like to attend advance training programme on solar.

? Do you think that Suryamitra Skill Development Programme play an important role in decision making of starting of your own business?

A Yes. Suryamitra Skill Development Programme plays very important role in decision making of starting own business. Before the training it was great challenge to take up any commercial activity but after training lot of confidence has been build up.

I am very much thankful of all MITCON Team & also NISE-Suryamitra Skill Development team for helping and shaping my future.
