

MITCON BIOFUEL AND GREEN CHEMISTRY PRIVATE LIMITED

**Standalone Financial Statements
for the period ended 31 March, 2023**

Independent Auditor's Report

To the Members of
MITCON Biofuel & Green Chemistry Private Limited

Report on the Audit of Ind AS Financial Statements

Opinion

We have audited the accompanying Ind AS financial statements of **MITCON Biofuel & Green Chemistry Private Limited** (“the Company”), which comprise the Balance Sheet as at 31st March, 2023, and the Statement of Profit and Loss (including other comprehensive income), Statement of Cash Flows and Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards (“Ind AS”) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 as amended and the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2023, its Loss, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's responsibilities for the audit of the Ind AS financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Ind AS financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Ind AS financial statements.

Other Information

The Company's Management and Board of Directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the Ind AS financial statements and our auditors' report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

Branch Office:

Ahmedabad (Gujrat) • Banglore (Karnataka) • Chennai (Tamilnadu) • Hyderabad (Andra Pradesh) • Indore (M.P.) • Jaipur (Rajasthan) • Kolkata (West Bengal) • New Delhi • Patna (Bihar)
• Punjab (Mohali) • Ranchi (Jarkhand) • Thiruvananthapuram (Kerala) • Tirunelveli (Tamilnadu) • Varanasi (U.P.)

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance. We have nothing to report in this regard.

Responsibilities of the Management and Those Charged with Governance for the Ind AS Financial Statements

The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income and cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, the Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Ind AS Financial Statements:

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatements of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of the accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors.
- Conclude on the appropriateness of the management's use of going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or

conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and the content of the Ind AS financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements:

- 1) As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure "A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
- 2) As required by section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations, which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.
 - (e) On the basis of written representations received from the directors as on 31st March, 2023, taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2023, from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of Section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of Section 197 of the Act.
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - a) The Company does not have any pending litigation which would impact its financial position in the financial statements.

- b) The Company did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses.
- c) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
- d) i) The Management has represented that, to the best of its knowledge and belief, as disclosed in the notes to the accounts, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall:
- directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Company or
 - provide any guarantee, security or the like to or on behalf of the Ultimate Beneficiaries;
- ii) The Management has represented, that, to the best of its knowledge and belief, as disclosed in the notes to accounts, no funds have been received by the Company from any person(s) or entity(ies), including foreign entities (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall:
- directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever (“Ultimate Beneficiaries”) by or on behalf of the Funding Party or
 - provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- iii) Based on such audit procedures as considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under subclause (d)(i) and (d)(ii) contain any material misstatement.
- i) During the financial year, the Company has neither declared nor paid any dividend.

Annexure “A” to the Independent Auditors’ Report

The Annexure referred to in paragraph (1) under ‘Report on Other Legal and Regulatory Requirements’ section of our report of even date)

- (i) (a) According to the information and explanation given to us the Company does not have any Property, Plant and Equipment. Accordingly, clause 3(i)(a)(b)(c)(d) of the Order is not applicable to the Company.

(e) According to the information and explanations given to us and the records examined by us, no proceedings have been initiated or are pending against the company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder.
- (ii) (a) According to the information and explanations given to us, the nature of business of the Company does not require it to have any inventory. Hence, the requirement of clause (ii)(a) of paragraph 3 of the said Order is not applicable to the Company.

(b) The Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions during the year on the basis of security of current assets. Hence, reporting under clause (ii)(b) of paragraph 3 of the said order is not applicable to the Company.
- (iii) In our opinion and according to the information and explanations given to us the Company has not made investment in the nature of loan or provided any guarantee or security or granted any loans or advances in the nature of loans secured or unsecured to companies, firms, Limited liability partnerships or any other parties during the year Accordingly, clause (iii)(a) to (f) of paragraph 3 of the Order is not applicable to the Company.
- (iv) In our opinion and according to information and explanations given to us, the Company has complied with provisions of Section 185 and 186 of the Act in respect of grant of loans, making investments and providing guarantees and securities, as applicable.
- (v) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposit from the public in accordance with the provisions of Sections 73 to 76 or any other relevant provisions of the Act and the rules framed there under. Accordingly, paragraph 3(v) of the Order is not applicable to the Company.
- (vi) In our opinion and according to the information and explanations given to us, it has been explained to us that the maintenance of cost records has not been prescribed under section 148(1) of the Companies Act, 2013.
- (vii) According to the information and explanations given to us and the records of the Company examined by us, in respect of statutory dues:
 - a) The Company has been generally regular in depositing undisputed statutory dues, including Provident Fund, Employees’ State Insurance, Income-tax, Goods and Service Tax, Customs Duty, cess and other material statutory dues applicable to it to the appropriate authorities.
 - b) There were no undisputed amounts payable in respect of Provident Fund, Employees’ State Insurance, Income-tax, Customs Duty, Goods and Service Tax, Cess and other material statutory dues in arrears as at 31st March, 2023 for a period of more than six months from the date they became payable.
 - c) There were no dues of Income Tax, Provident Fund, Employees State Insurance, Sales Tax, Service Tax, Customs Duty and Goods and Service Tax as at 31st March, 2023 on account of any disputes.

- (viii) According to the records of the Company examined by us and as per the information and explanations given to us, no unrecorded income in the books of account have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961).
- (ix) According to the records of the Company examined by us and as per the information and explanations given to us:
- (a) In our opinion, the Company has not defaulted in repayment of loan or borrowings to Financial Institutions, Banks, Government or dues to debenture holders during the year. The Company did not have any outstanding debentures during the year.
 - (b) The Company has not been declared willful defaulter by any bank or financial institution or government or any government authority.
 - (c) The Company has not taken any term loan during the year and there are no unutilised term loans at the beginning of the year and hence, reporting under clause (ix)(c) of paragraph 3 of the Order is not applicable.
 - (d) On an overall examination of the Ind AS Financial Statements of the Company, funds raised on short-term basis have, prima facie, not been utilized during the year for long-term purposes by the Company.
 - (e) The Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries or associates during the year and hence, reporting under clause (ix)(e) of paragraph 3 of the Order is not applicable.
 - (f) The Company has not raised loans during the year on the pledge of securities held in its subsidiaries, associate companies or joint ventures.
- (x) According to the information and explanations given to us:
- (a) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause (x) (a) of the Order is not applicable.
 - (b) The Company has not made any preferential allotment or private placement of shares or convertible debenture (fully or partly or optionally) during the year and hence reporting under clause (x)(b) of the Order is not applicable to Company.
- (xi) To the best of our knowledge and according to the information and explanations given to us and based on audit procedures performed by us:
- (a) No fraud by the Company and no fraud on the Company has been noticed or reported during the year nor have we been reported of such case by the management.
 - (b) No report under sub-section (12) of section 143 of the Companies Act, 2013 has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government during the year and upto the date of this report.
 - (c) There are no whistle blower complaints received by the Company during the year.
- (xii) According to the information and explanations given to us, the Company is not a Nidhi Company as prescribed under section 406 of the Act. Accordingly, reporting under clause (xii) of the Order is not applicable to the Company.
- (xiii) To the best of our knowledge and according to the information and explanations given to us, all transactions with the related parties are in compliance with section 177 and 188 of the Companies

Act, 2013 where applicable and the details have been disclosed in the financial statements as required by the applicable Indian Accounting Standards.

- (xiv) The size and nature of business of the Company does not require it to have any internal audit system. Hence, the requirement of clause (xiv)(a), (b) of paragraph 3 of the said Order is not applicable to the Company.
- (xv) To the best of our knowledge and according to the information and explanations given to us, the Company has not entered into any non-cash transactions with directors or persons connected with him and hence provisions of section 192 of the Companies Act, 2013 are not applicable to the Company during the year.
- (xvi) According to the information and explanations given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 accordingly the provisions of Clause 3(xvi) (a), (b), (c), (d) of the Order are not applicable to the Company during the year.
- (xvii) The Company has not incurred a cash loss lakhs in the current financial year but a cash loss of Rs.11.18 lakhs in the immediately preceding financial year.
- (xviii) There has been no resignation of the statutory auditors during the year.

According to the information and explanations given to us and on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, the auditor's knowledge of the Board of Directors and management plans, the auditor is of the opinion that no material uncertainty exists as on the date of the audit report that company is capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

- (xix) To the best of our knowledge and according to the information and explanations given to us, the provisions of Section 135 of the Act are not applicable to the company. Accordingly, this clauses of the Order are not applicable to the company.

Notes to the financial statements for the period ended 31 March, 2023

(All amounts in ₹ lakhs, unless otherwise stated)

Company overview

MITCON BIOFUEL AND GREEN CHEMISTRY PRIVATE LIMITED, incorporated on 28th March, 2022, is engaged into to carry business in the field of Green Chemistry, Biodfule and Agree products sector. The Company is a limited company and is incorporated under the provisions of Companies Act applicable in India. The Company's Registered Office is located at 1st Floor, Kubera Chambers, Shivajinagar, Pune 411005

Company details

The financial statements were authorised for issue in accordance with the resolution of the Board of Directors of the Company on 11th May, 2023

2 SIGNIFICANT ACCOUNTING POLICIES AND KEY ACCOUNTING ESTIMATES AND JUDGEMENTS

2.1 Basis of preparation of Financial Statements

These financial statements are the separate financial statements of the Company (also called standalone financial statements) prepared in accordance with Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015.

For all periods up to and including the year ended 31st March, 2021, the Company had prepared its financial statements in accordance with Accounting Standards notified under the Section 133 of the Companies Act, 2013, read together with Rule 7 of the Companies (Accounts) Rules, 2014 ('Previous GAAP'). Detailed explanation on how the transition from previous GAAP to Ind AS has affected the Company's Balance Sheet, financial performance and cash flows is given under Note 31.

These financial statements are the separate financial statements of the Company (also called standalone financial statements) prepared in accordance with Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013, read together with the Companies (Indian Accounting Standards) Rules, 2015

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at, Certain financial assets have been measured at fair value (refer accounting policy Note '2.3 (e)' of summary of significant accounting policies regarding financial instruments). The accounting policies have been applied consistently over all the periods presented in these financial statements.

The financial statements are presented in INR in lakhs and all values are rounded to the nearest rupee, except when otherwise indicated.

2.2 Use of estimates

The preparation of financial statements in conformity with Indian Accounting Standards (IND AS) requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets and liabilities, the disclosure of contingent liabilities at the date of the financial statements and reported amounts of revenues and expenses during the year. Application of accounting estimates involving complex and subjective judgements and the use of assumptions in these financial statements have been disclosed in note 55. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to financial statements.

2.3 Summary of significant accounting policies

a) Revenue recognition

Company recognizes revenue when it transfers control over a good or service to a customer i.e. when it has fulfilled all 5 steps as given by Ind AS 115. Revenue is measured at transaction price i.e. Consideration to which company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties and after considering effect of variable consideration, significant financing component. For contracts with multiple performance obligations, transaction price is allocated to different obligations based on their standalone selling price. In such case, revenue recognition criteria are applied for each performance obligation separately, in order to reflect the substance of the transaction and revenue is recognized separately for each obligation as and when the recognition criteria for the component is fulfilled.

For contracts that permit the customer to return, revenue is recognized to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognized will not occur. Amounts included in revenue are net of returns, trade allowances, rebates, goods and service tax

Sale of products

Revenue from sale of products is recognized when the Company transfers all significant risks and rewards of ownership to the buyer, while the Company retains neither continuing managerial involvement nor effective control over the products sold.

Sale of services

Revenue from services is recognized when the stage of completion can be measured reliably. Stage of completion is measured by the services performed till Balance Sheet date as a percentage of total services contracted.

MITCON BIOFUEL AND GREEN CHEMISTRY PRIVATE LIMITED

CIN : U74999PN2022PTC209766

Notes to the financial statements for the period ended 31 March, 2023

(All amounts in ₹ lakhs, unless otherwise stated)

Other income

Other income comprises of interest income, rental income, fair value gain on mutual funds (refer note no. 32)

Interest Income

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in other income in the statement of profit and loss.

Rental Income

Rental income arising from operating leases on investment properties is accounted for on a straight-line basis over the lease terms and is included in other income in the statement of profit or loss.

Dividend Income

Revenue is recognised when the Company's right to receive the payment is established.

Revenue from Wind energy generation is recognised based on units generated. (Net of rebate)

Government grants and subsidies

Government grants in the nature of promoters' contribution are credited to Capital Grants under Reserves and Surplus and treated as a part of shareholders' funds. Utilisation thereof is as per covenants of grants received.

Such grants are reduced to the extent of utilisation thereof and depreciation charged and loss on sale or discard of fixed assets purchased there from. Balance remaining in the Grant after completion of its intended purpose, is transferred to General Reserve. (Grant repayable on Demand shown as current liability)

b) Property, plant and equipment ('PPE')

Measurement at recognition:

The company has elected to continue with the carrying value for all of its property, plant and equipment as recognised in the previous GAAP financial statements as at the date of transition to Ind AS; measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments in accordance with the relevant Ind AS, since there is no change in functional currency.

Property, plant and equipment are carried at the cost less accumulated depreciation and impairment losses (if any). The cost of fixed assets comprises its purchase price and other costs attributable to bringing such assets to its working condition for its intended use, including installation cost of employees capitalised.

The entire excess of sale proceeds over the net book value of fixed assets is credited to the statement of profit and loss. Expenditure on re-conditioning, re-sitting and re-layout of machinery and equipment which do not increase the future benefits from the existing assets beyond the previously assessed standard of performance based on technical assessment, is not capitalized.

Capital work in progress and Capital advances :The cost of fixed assets not ready for their intended use before such date, are disclosed as capital work-in-progress. Indirect expenses on administration and supervision are charged to revenue. Advances given towards acquisition of fixed assets outstanding at each Balance Sheet date are disclosed as Other Non-Current Assets.

Derecognition: The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the Derecognition of an item of property, plant and equipment is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognized in the Statement of Profit and Loss when the item is derecognized

Depreciation/amortisation

Depreciation on fixed assets has been provided at the rates prescribed in Schedule II of Companies Act, 2013 on following basis:

Tangible fixed assets are depreciated on Straight line method with 1% salvage over the useful lives in accordance with Schedule II of Companies Act, 2013.

Estimated useful lives of assets are as follows:

| Asset Type | "Estimated useful life (in years) |
|--|-----------------------------------|
| Free Hold Land | - |
| Buildings | |
| Other buildings- Office premises | 60 years |
| Plant and Machinery includes lab equipment, energy saving equipments | 15 years |
| Furniture and Fixtures | 10 years |
| Vehicles | |
| Vehicles- Scooters and other mopeds | 10 years |
| Vehicles - Motor vehicle other than Scooters & other mopeds. | 08 years |
| Office Equipments including Air Conditioners | 05 years |
| Computers | |
| Computers | 03 years |
| Servers and networks | 06 years |
| Electrical Installation | 10 years |
| Intangible Assets (Computer Software) | 03 years |

MITCON BIOFUEL AND GREEN CHEMISTRY PRIVATE LIMITED

CIN : U74999PN2022PTC209766

Notes to the financial statements for the period ended 31 March, 2023

(All amounts in ₹ lakhs, unless otherwise stated)

Freehold land is not depreciated. Leasehold land and Leasehold improvements are amortized over the period of the lease.

Impairment

Assets that have an indefinite useful life, for example goodwill, are not subject to amortization and are tested for impairment annually and whenever there is an indication that the asset may be impaired. Assets that are subject to depreciation and amortization and assets representing investments in subsidiary and associate companies are reviewed for impairment, whenever events or changes in circumstances indicate that carrying amount may not be recoverable. Such circumstances include, though are not limited to, significant or sustained decline in revenues or earnings and material adverse changes in the economic environment.

An impairment loss is recognized whenever the carrying amount of an asset or its cash generating unit (CGU) exceeds its recoverable amount. The recoverable amount of an asset is the greater of its fair value less cost to sell and value in use. To calculate value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market rates and the risk specific to the asset. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the CGU to which the asset belongs. Fair value less cost to sell is the best estimate of the amount obtainable from the sale of an asset in an arm's length transaction between knowledgeable, willing parties, less the cost of disposal.

Impairment losses, if any, are recognized in the Statement of Profit and Loss and included in depreciation and amortization expense. Impairment losses are reversed in the Statement of Profit and Loss only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined if no impairment loss had previously been recognized.

c Intangible assets

The Company has elected to continue with the carrying value for all of its intangible assets as recognised in the previous GAAP financial statements as at the date of transition to Ind AS, measured as per the previous Indian GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments in accordance with the relevant Ind AS, since there is no change in functional currency.

Measurement at recognition: Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles are not capitalised and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred. The useful lives of intangible assets are assessed as either finite or indefinite.

Amortisation : Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit and loss when the asset is derecognised.

Derecognition: The carrying amount of an intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the Derecognition of an intangible asset is measured as the difference between the net disposal proceeds and the carrying amount of the intangible asset and is recognized in the Statement of Profit and Loss when the asset is derecognized.

d) Research and development costs

Research costs are expensed as incurred. Development expenditures on an individual project are recognised as an intangible asset when the Company can demonstrate

- The technical feasibility of completing the intangible asset so that the asset will be available for use or sale
- Its intention to complete and its ability and intention to use or sell the asset
- How the asset will generate future economic benefits
- The availability of resources to complete the asset
- The ability to measure reliably the expenditure during development

Following initial recognition of the development expenditure as an asset, the asset is carried at cost less any accumulated amortisation and accumulated impairment losses. Amortisation of the asset begins when development is complete and the asset is available for use. It is amortised over the period of expected future benefit. Amortisation expense is recognised in the statement of profit and loss unless such expenditure forms part of carrying value of another asset.

The cost of software internally generated /acquired for internal use which is not an integral part of the related hardware, is recognized as an intangible asset. Intangible assets are amortized over a period of not exceeding five years, on straight line method. Amortization commences when the assets is available for use.

e) Impairment of non financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

MITCON BIOFUEL AND GREEN CHEMISTRY PRIVATE LIMITED

CIN : U74999PN2022PTC209766

Notes to the financial statements for the period ended 31 March, 2023

(All amounts in ₹ lakhs, unless otherwise stated)

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

Impairment losses of continuing operations are recognised in the statement of profit and loss

For assets, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss.

f) Financial instruments:

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- >Debt instruments at amortised cost
- >Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- >Equity instruments measured at fair value through other comprehensive income (FVTOCI)
- >Debt instruments at fair value through Other Comprehensive income (FVOCI)

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- >The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- >Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

This category is the most relevant to the Company. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to loans trade receivables and other financial assets.

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortised cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

'Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the P&L.

Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument by- instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to P&L, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

MITCON BIOFUEL AND GREEN CHEMISTRY PRIVATE LIMITED

CIN : U74999PN2022PTC209766

Notes to the financial statements for the period ended 31 March, 2023

(All amounts in ₹ lakhs, unless otherwise stated)

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

>The rights to receive cash flows from the asset have expired, or

>The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement? and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset."

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure

- 1) Financial assets that are debt instruments, and are measured at amortised cost e.g. deposits, loans, trade receivables, bank balance and other financial assets.
- 2) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 115;

The Company follows 'simplified approach' for recognition of impairment loss allowance on Trade receivables.

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime Expected Credit Losses (ECLs) at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, twelve-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on twelve-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The twelve-month ECL is a portion of the lifetime ECL which results from default events that are possible within twelve months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit and loss (P&L). This amount is reflected under the head 'other expenses' in the statement of profit and loss. The balance sheet presentation for ECL on financial assets measured at amortised cost is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss; loans and borrowings; payables as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR (effective interest rate) method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit and loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Reclassification of financial assets

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

MITCON BIOFUEL AND GREEN CHEMISTRY PRIVATE LIMITED

CIN : U74999PN2022PTC209766

Notes to the financial statements for the period ended 31 March, 2023

(All amounts in ₹ lakhs, unless otherwise stated)

g) Taxes

Current income tax

Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses.

Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

>When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.

>In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered. Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority

Sales/ value added taxes paid on acquisition of assets or on incurring expenses

Expenses and assets are recognised net of the amount of sales/ value added taxes paid, except:

When the tax incurred on a purchase of assets or services is not recoverable from the taxation authority, in which case, the tax paid is recognised as part of the cost of acquisition of the asset or as part of the expense item, as applicable.

>When receivables and payables are stated with the amount of tax included

>The net amount of tax recoverable from, or payable to, the taxation authority is included as part of receivables or payables in the balance sheet

h) Foreign currency transaction

The Company's financial statements are presented in INR which is the Company's presentation currency and functional currency of the company.

1 Initial recognition

Foreign currency transactions are recorded in the functional currency, by applying to the foreign currency amount the exchange rate between the functional currency and the foreign currency at the date of the transaction.

2 Conversion

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item.(i.e., translation differences on items whose fair value gain or loss is recognised in OCI or profit or loss, respectively).

i) Fair value measurement

The Company measures financial instruments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

>In the principal market for the asset or liability, or

>In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

MITCON BIOFUEL AND GREEN CHEMISTRY PRIVATE LIMITED

CIN : U74999PN2022PTC209766

Notes to the financial statements for the period ended 31 March, 2023

(All amounts in ₹ lakhs, unless otherwise stated)

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above. This note summarises accounting policy for fair value. Other fair value related disclosures are given in the relevant notes.

Disclosures for valuation methods, significant estimates and assumptions (note 51)

Contingent consideration (note 40)

Financial instruments (including those carried at amortised cost) (note 52)

j) Retirement and other employee benefits

Retirement benefit in the form of provident fund and other funds is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

The Company operates a defined benefit gratuity plan, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur.

Remeasurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

- 1 The date of the plan amendment or curtailment, and
- 2 The date that the Company recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the consolidated statement of profit and loss:

- 1 Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- 2 Net interest expense or income

Accumulated leave, which is expected to be utilised within the next 12 months, is treated as a short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

The Company treats accumulated leave expected to be carried forward beyond twelve months, as a long-term employee benefit for measurement purposes. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method as at the year-end. Actuarial gains/losses are immediately taken to the statement of profit and loss and are not deferred. The Company presents the leave as a current liability in the balance sheet, to the extent it does not have an unconditional right to defer its settlement for 12 months after the reporting date.

Short-term employee benefits including salaries, bonuses and commission payable within twelve months after the end of the period in which the employees render the related services and non monetary benefits (such as medical care) for current employees are estimated and measured on an undiscounted basis.

k) Provision and contingencies

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

MITCON BIOFUEL AND GREEN CHEMISTRY PRIVATE LIMITED

CIN : U74999PN2022PTC209766

Notes to the financial statements for the period ended 31 March, 2023

(All amounts in ₹ lakhs, unless otherwise stated)

l) Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

m) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the financial statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts (if any) as they are considered an integral part of the Company's cash management.

n) Earnings per share ('EPS')

Basic earnings per share is calculated by dividing the net profit or loss attributable to equity holder of the company (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders of the company and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

o) Inventories

i. Raw materials, components, stores and spares are valued at lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost of raw materials, components and stores and spares is determined on First In First Out (FIFO) Basis.

ii. Work-in-progress and finished goods are valued at lower of cost and net realizable value. Cost includes direct materials and labour and a proportion of manufacturing overheads based on normal/actual operating capacity as per the Indian Accounting standard 2.

iii. Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and estimated costs necessary to make the sale.

q) Cash flow statement

Cash flows are reported using the indirect method, whereby net profit/ (loss) before tax is adjusted for the effects of transactions of a non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from regular operating, investing and financing activities of the Company are segregated. Cash and cash equivalents in the cash flow statement comprise cash in hand and balance in bank in current accounts, deposit accounts.

r) Current versus non-current classification

The Company presents its assets and liabilities in the Balance Sheet based on current / non-current classification. An asset is treated as current when it is:

- a) expected to be realised or intended to be sold or consumed in normal operating cycle;
- b) held primarily for the purpose of trading;
- c) expected to be realised within twelve months after the reporting period; or
- d) cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current. A liability is current when:

- a) it is expected to be settled in normal operating cycle;
- b) it is held primarily for the purpose of trading;
- c) it is due to be settled within twelve months after the reporting period; or
- d) there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents.

The Company has identified twelve months as its operating cycle.

s) Cash dividend

The Company recognises a liability to make cash or non-cash distributions to equity holders when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity

Notes to the financial statements for the period ended 31 March, 2023
(All amounts in ₹ lakhs, unless otherwise stated)

t) Investment in Subsidiary and Associate Companies

Recognition & measurement

Investments in Subsidiaries, Associates and Joint Ventures are carried at cost less accumulated impairment losses, if any. Where an indication of impairment exists, the carrying amount of the investment is assessed and written down immediately to its recoverable amount. On disposal of investments in subsidiaries, associates and joint venture, the difference between net disposal proceeds and the carrying amounts are recognized in the Statement of Profit and Loss.

The Company has elected to continue with the carrying value of its investment in subsidiaries recognized as at 1 April 2020, measured as per previous GAAP and hence the carrying value is considered to be the deemed cost of such investment.

u) Contingent Liabilities

Disclosure of contingent liability is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources embodying economic benefits will be required to settle or a reliable estimate of amount cannot be made.

v)

Segment Reporting

Segments are identified based on the manner in which the Chief Operating Decision Maker ('CODM') decides about resource allocation and reviews performance. Segment results that are reported to the CODM include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Segment capital expenditure is the total cost incurred during the period to acquire property and equipment and intangible assets other than goodwill.

w) Ind AS notified but not effective

Recent pronouncements

On 31 March 2023, the Ministry of Corporate Affairs (MCA), notified Companies (Indian Accounting Standards) Amendment Rules, 2023 effective from 1 April 2023. Following are the key amended provisions which may have an impact on the financial statements of the Company:

Disclosure of accounting policies (amendments to Ind AS 1 - Presentation of Financial Statements)

The amendments intend to assist in deciding which accounting policies to disclose in the financial statements. The amendments to Ind AS 1 require entities to disclose their material accounting policies rather than their significant accounting policies. The amendments provide guidance on how to apply the concept of materiality to accounting policy disclosures. The Company does not expect this amendment to have any significant impact in its financial statements.

Definition of accounting estimate (amendments to Ind AS 8 - Accounting Policies, Changes in Accounting Estimates and Errors)

The amendments distinguish between accounting policies and accounting estimates. The definition of a change in accounting estimates has been replaced with a definition of accounting estimates. Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty". Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Company does not expect this amendment to have any significant impact in its financial statements.

Deferred tax related to assets and liabilities arising from a single transaction (amendments to Ind AS 12 – Income taxes)

The amendments specify how to account for deferred tax on transactions such as leases. The amendments clarify that lease transactions give rise to equal and offsetting temporary differences and financial statements should reflect the future tax impacts of these transactions through recognizing deferred tax. The Company is evaluating the impact of this amendment, if any, in its financial statements. Other amendments included in the notification do not have any significant impact on the financial statements.

The above amendments are effective from annual periods beginning on or after 1st April, 2023

13 Capital management

The capital management objective of the Company is to (a) maximise shareholder value and provide benefits to other stakeholders and (b) maintain an optimal capital structure to reduce the cost of capital.

For the purposes of the Company's capital management, capital includes issued equity share capital, share premium and all other equity.

In order to maintain or adjust the capital structure, the company may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt. The Company monitors capital using debt-equity ratio, which is total debt less liquid investments and bank deposits divided by total equity.

| Borrowings | | - | - |
| Lease liabilities | | - | - |
| Trade and other payables | | - | - |
| Other financial liabilities | | - | - |
| Total | | - | - |

c. Fair value hierarchy of financial assets and liabilities measured at fair value:

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in an orderly transaction in the principal (or most advantageous) market at measurement date under the current market condition regardless of whether that price is directly observable or estimated using other valuation techniques.

The Company has established the following fair value hierarchy that categorises the values into 3 levels. The inputs to valuation techniques used to measure fair value of financial instruments are:

Level 1: This hierarchy uses quoted (unadjusted) prices in active markets for identical assets or liabilities. The fair value of all bonds which are traded in the stock exchanges is valued using the closing price or dealer quotations as at the reporting date.

Level 2: The fair value of financial instruments that are not traded in an active market (For example traded bonds, over the counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on company specific estimates. The mutual fund units are valued using the closing Net Asset Value. If all significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in Level 3.

| Particulars | As at 31 March, 2023 |
|-----------------------------|----------------------|
| Level 1 | |
| Financial assets: | |
| Investments in mutual funds | - |
| Financial liabilities | |
| Level 2 | - |
| Level 3 | - |

There has been no transfers between level 1 and level 2.

MITCON BIOFUEL AND GREEN CHEMISTRY PRIVATE LIMITED

Notes to the financial statements for the period ended 31 March, 2023

(All amounts in ₹ lakhs, unless otherwise stated)

16 Financial instruments risk management objectives and policies

The Company's principal financial liabilities comprises of borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the company's operations. The company's principal financial assets include trade and other receivables, investments and cash and cash equivalents that it derives directly from its operations.

The Company's activities exposes it to market risk including currency risk, interest rate risk and other price risk), credit risk, and liquidity risk. Company's overall risk management focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on its financial performance. The Company may use derivatives for hedging purposes. However, derivatives are not used for trading or as speculative instruments.

The sources of risks which the company is exposed to and their management is given below:

| Risk | Exposure Arising From | Measurement | Management |
|--------------------------|---|---|--|
| a. Market risk | | | |
| i. Foreign currency risk | Financial asset and Liabilities not denominated in INR | Cash Flow forecasting Sensitivity analysis | Management follows established risk management policies, including when required, use of derivatives like foreign exchange forward contracts, where the economic conditions match the company's policy (a) Portfolio Diversification (b) Derivative instruments Diversification of mutual fund investments, |
| ii. Interest rate risk | Long Term Borrowings at variable rates | Sensitivity analysis, Interest rate movements | |
| iii. Other price risk | Investments | Market movements | |
| b. Credit risk | Trade receivables, Loans and Bank balances | Ageing analysis, Credit Rating | (a) Credit limit & credit worthiness monitoring (b) Criteria based approval process |
| c. Liquidity risk | Borrowings and Other Liabilities and Liquid Investments | Rolling cash flow forecasts, Broker Quotes | (a) Adequate unused credit lines and borrowing facilities (b) Portfolio Diversification |

The Company manages market risk through a treasury department, which evaluates and exercises independent control over the entire process of market risk management. The treasury department recommends risk management objectives and policies, which are approved by senior management and the Audit and Risk Management Committee. The activities of this department include management of cash resources, implementing hedging strategies for foreign currency exposures, borrowing strategies and ensuring compliance with market risk limits and policies.

The Board of Directors reviews and agrees policies for managing each of these risks which are summarized below.

a. Market risk

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, commodity prices, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments and deposits, foreign currency receivables, payables and borrowings.

i. Foreign exchange rate:

The company is exposed to foreign exchange risk mainly through its capital purchases from overseas suppliers in various foreign currencies.

The company evaluates exchange rate exposure arising from foreign currency transactions and the company follows established risk management policies, including when required, use of derivatives like foreign exchange forward contracts to hedge exposure to foreign currency risk, where the economic conditions match the company's policy.

The carrying amount of the Company's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

MITCON BIOFUEL AND GREEN CHEMISTRY PRIVATE LIMITED

CIN : U74999PN2022PTC209766

Notes to the financial statements for the period ended 31 March, 2023

(All amounts in ₹ lakhs, unless otherwise stated)

iii. Other price risk:

The Company invests its surplus funds in mutual funds. The Company is exposed to price risk for investments classified as fair value through profit and loss. To manage the risk arising from investment in mutual funds, the Company diversifies its portfolio.

An increase/ (decrease) of 0 in the Net Asset Value of the mutual fund would have an impact of Rs. -/ Rs. (-) Lakhs (31-March, 2021: Rs. - Lakhs/ Rs. - Lakhs) on the profit before tax of the Company.

b. Credit Risk:

Credit risk arises when a customer or counterparty does not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing/investing activities, including deposits with banks, mutual fund investments, foreign exchange transactions and financial guarantees. The Company has no significant concentration of credit risk with any counterparty.

Trade receivables

Majority of the Company's transactions are earned in cash or cash equivalents. The Trade Receivables comprise mainly of receivables from Insurance Companies, Corporate customers, Public Sector Undertakings, State/Central Governments. The Insurance Companies are required to maintain minimum reserve levels and the Corporate Customers are enterprises with high credit ratings. Accordingly, the Company's exposure to credit risk in relation to trade receivables is considered low. Before accepting any new credit customer, the Company uses an internal credit scoring system to assess the potential customer's credit quality and defines credit limits by customer. Limits and scoring attributed to customers are reviewed annually. The outstanding with the debtors is reviewed periodically.

Total Trade receivable as on 31 March, 2023 is Rs. - Lakhs (31 March, 2022- Rs. - Lakhs; 31 March, 2021 - Rs. - Lakhs).

The Company has a large customer base and thus has no concentration of credit risks on a single customer.

As per simplified approach, the Company makes provision of expected credit losses on trade receivables using a provision matrix to mitigate the risk of default payments and makes appropriate provision at each reporting date wherever outstanding is for longer period and involves higher risk.

As per policy receivables are classified into two buckets based on the overdue period of more than one year & less than one year. Total Balance outstanding for more than one year is Rs. - lakhs and provision taken against same is Rs. Nil. Company expects to recover the differential amount as per their communication with customers.
